Sheets are provided, but some people like to take their own. If you are buying new ones, you will need the twin size. Please buy white ones. We encourage missionaries to leave the sheets so that the camp will have an adequate supply for the children campers who come in the summer.

In the Dominican Republic one cannot flush **toilet paper**, so we take quart-sized zip-loc bags to put the used toilet paper in. The trash can is located by each toilet and trash is picked up once a day.

Self-sufficiency! Bring everything you will need for a week. Do not depend on buying necessities there. Although there are stores we can shop in, they are not convenient to get to from the village of El Pedregal.
